# Society of Participatory Medicine

## 患者参加型医療学会

The screenshot shows the homepage of the Society for Participatory Medicine. At the top, there is a blue navigation bar with social media icons (Facebook, Twitter, RSS) and links for 'About Us', 'Contact Us', 'Donate', 'Join Us', and 'Login'. Below this is the organization's logo, which consists of three interlocking circles, followed by the text 'Society for Participatory Medicine' and the tagline 'Transforming the Culture of Patient Care'. To the right of the logo is a search bar and a 'Donate' button. The main content area features a large photograph of a diverse group of people working together to build a wooden structure, likely a community center or a clinic. Overlaid on this image is the text 'What is Participatory Medicine?' followed by a definition: 'Participatory Medicine is a movement in which patients and healthcare professionals actively collaborate and encourage one another as full partners in health.' Below the definition is a 'Learn More' button.
